Mt. Pleasant

Eclectic LitWits Book Discussion

We are discussing *The Handmaid's Tale* by Margaret Atwood.

Tuesday, 9/23 @ 11:30AM

Offred is a Handmaid in the Republic of Gilead. She may leave the home of the Commander and his wife once a day to walk to food markets whose signs are now pictures instead of words because women are no longer allowed to read. Offred can remember the days before, when she lived and made love with her husband Luke; when she played with and protected her daughter; when she had a job, money of her own, and access to knowledge. But all of that is gone now... Funny, unexpected, horrifying, and altogether convincing, *The Handmaid's Tale* is at once scathing satire, dire warning, and tour de force.
